Infernum Verum by Lucifer

If you lie to a smart monkey
that a banana is just a banana
he will just ask to just see
your entire banana weekly planner

jews are chosen dont make fun
jews are chosen like the chosen one
jews are chosen to choose freely what they've been chosen for
but jews have just chosen themselves to suck on babies dicks some more

some people call me a snake
some people call me a serpent
some people know exactly who IAM
especially a very certain greedy 'merchant'

From the canaanites Taurus bull,
To the Jews Rams horn of Aries
to Jesus Pisces Fish
to the Aquarian water bearer

as Saturn is doused tonight
I claim my drunk-on-mead Divine Right
To cast My lunar spells from Jupiter ever fairer

X marks the spot
where isis meets the eyes of horus'
I descend on winter solstices
as jews make foreskin porridges

I descend when too cold
I rise when too hot
Out of the bowels of the Earth
IAM MOT

if you make a jew or two
look deep into
a large enough mirror

you will notice the quantum effect
that jews have no ability to self reflect

….and simply disappear

Welcome to Horus' foreskin porridge shop of horrors!
A magic mirror or two?
for the tower of niggerbabel foreskin stew?
(formerly known as the Jew)?

I heard a rumor and im not sure if it is true
That if you make a jew or two
look into
a large mirror and say 'horus porridge'
one time or two

the jew will PAY YOU…..TO NOT HAVE TO

You are all guilty-as-charged,
You're inconsolably-'FUCKED', well-and-GOOD.

Nigger,

You will NEVER 'Rise up',

And NEVER leave…..this Hades-plantation, ghetto 'hood.'!!!!!
